Dear Barbara:

Thank you for venturing out to our York Region Chapter to do your presentation on "How to Reach Hard to Reach People". The members who were in attendance thoroughly enjoyed the presentation and received a great deal of information from it. Your presentation style was upbeat, inspirational and sincere.

I know that the other YEA chapters within the GTA would be both interested in and benefit from having you speak at their locations. I will send your bio to all of our chapter chairs before the next planning session.

Thank you,

Jason Boston
